COMMUNITY STOREHOUSE

A MESSAGE FROM OUR CEO - KEN GOODGAMES

OUR MISSION

Our underserved communities are continuing to grow and are forever changing. At the Community Storehouse, our mission and focus have been and will continue to be on the needs of our children. Increasingly however, it is becoming entire families that we serve too. As a result, we are evolving to address these and other challenges systematically. We seek to grow and develop sustainable public and private partnerships, where jointly, we create solutions and ways to serve more people together, since no single organization can do this work alone. By creating collaborative partnerships that thrive, we can create limitless possibilities and additional resources for underserved children, their families, and the communities at large.

First Edition

How it All Started

Community Storehouse began as a ministry to serve the needs of economically struggling citizens in the local community.

It was established in 1982 by June Samsill and Dorothy Plaster along with several pastors from local churches. The first facility was located in the old city water building. The Storehouse began by providing food and clothing relief to needy families in Keller, Texas. Since that time, 40 years have passed and the mission, purpose, and goals of this organization continue to serve the Community by helping families and children who are underserved.

Our Vision Statement

Optimizing resources and increasing support for underserved children, their families, and the communities they live in.

BACK TO SCHOOL

Nutritional Snack Packs

In the past few weeks, the increased number of requests for schools needing Snack Packs for children leaving for the weekend puts our need for volunteers at a higher level of necessity. Snack Packs addresses the gap in preventing hunger for children while away from the school programs. If you are available to volunteer either individually or in groups, the Nutritional Center needs your help. Please contact Louise@communitystorehouse.org to schedule a day or hours to help collect items to go into the bags we prepare every week to hand out to the kids. Thank you!!

"Calling all volunteers!!!"

The cooler weather is just around the corner and now that our children and grandchildren are back in school, you may find a desire to serve in the community as a volunteer.

We have a suggestion...volunteer with
Community Storehouse!

We are needing volunteers for the Nutritional Center, Tutoring, the Upscale Resale shops, the Donation Center, and the front desk.

We look forward to keeping you busy!

Summer, 2022, two sessions of Camp Community Storehouse were filled with the interactions of children needing a place to hang out. The days were filled with guests who shared special interests, various art and craft projects, social mingling opportunities to develop a broader view of others in their world, and simply a safe place to be a kid. Thank you to all the volunteers, interns, and staff who made Summer a little more bearable for the campers and their families.

Community Storehouse considers all donors a key to the success of the services we provide to the community. To all our donors in 2021, you helped so many when the need for assistance rolled in everyday. Your support in 2021 allowed us to provide over 137,830 services to underserved families and their children. Recovery is a process and for many in our community the economic pressure of making ends meet has not diminished since 2020 or 2021. Because of the empathy and compassion of people like yourself, Community Storehouse is able to offer access to the needs of these families and supply children with a hopeful future.

The season for giving never ends; hundreds of cars continue to line up for food and for personal and household necessities. The growing number of children from lower-income homes are also lined up who need our educational and nutritional programs. Schools are calling and asking how to be a receiver of Snack Packs for the children. As our program numbers grow, more of everything is needed and Community Storehouse especially needs your participation and partnership.

No child should be compromised in life by being turned away because of a lack of services in this or any other community. As we see the possibilities ahead for the children we serve and those remaining to be served, we ask you to please, join us!

We are graciously asking you to consider a gift in 2022. However you choose to donate, weekly, monthly or yearly, on behalf of the children we serve, Thank you!
